

# PATHWAYS | CROP & SOIL SCIENCE - PRODUCTION OPTION

Bachelor of Science in Crop, Soil, & Environmental Sciences

COLLEGE OF AGRICULTURE

## COURSE SELECTION

### FRESHMAN

- Take the first courses in Crop, Soil and Environmental Sciences – learn about the role of crops and soils in our environment.
- Gateway Courses: CSES 1000 Introductory Crop Science

### SOPHOMORE

- Think about the curriculum option you might want to pursue in CSES. We have four: 1) Science, 2) Soil, Water and Land Use, 3) Production, and 4) Turfgrass.
- Gateway Courses: BIOL 1020/1030, CSES 2020 Basic Soil Science, CSES 3150 Weed Science.

### JUNIOR

- Move into advanced undergraduate coursework and start to learn the fine points of your chosen curriculum option.
- Gateway Courses: CSES 5030 Advanced Crop Science, CSES 5020 Nutrient Management

### SENIOR

- Finish your college career with a strong compliment of advanced coursework
- Gateway Courses: CSES 4950 Senior Seminar

## ASK FOR ASSISTANCE

- Meet with your assigned faculty advisor each semester to discuss your major and academic plan.

Corner Hall, home of the College of Agriculture student advising.

- Academic Support provides several free resources to improve academic performance, including Study Partners, Supplemental Instruction and academic coaching. ([auburn.edu/academic](http://auburn.edu/academic) support)
- If your grades are strong don't forget to apply for scholarship support. We have many scholarships available in the Department. Your advisor can tell you how and when to apply.
- Meet with a counselor in the Career Center to explore career options and receive individualized assistance.
- Consider moving to an Accelerated Bachelor's/Master's program. This program allows you to graduate with a BS and MS degree in 5 years.
- Work with the Career Center to update your resume and cover letter.

## GAIN EXPERIENCE

- Check your "This Week on Ag Hill" and "Find Your Career" e-mails to learn about ways you can get involved and gain experience on campus.
- Consider applying for a job in the Department – many faculty hire student workers in their laboratories.
- Use Handshake to explore employers actively hiring in your field and search part-time jobs that can add experience to your resume.
- Consider traveling abroad. The college offers Study Abroad Scholarships to students studying abroad.
- Apply to the Ag Alumni Mentoring Program. Students get to take part in job shadowing opportunities, networking opportunities, and see first hand where your degree can take you.
- Join the Soil Judging team! One of the best in the nation, the Auburn University soil judges regularly qualify for national competitions.
- Pursue opportunities for an internship.
- Attend professional development events (Career Fairs, Etiquette Dinners, Workshops)
- Work with a faculty member to write an Undergraduate Research proposal.
- Attend All Majors Career Expo ([auburn.edu/career/events](http://auburn.edu/career/events)).
- Attend professional conferences and take part in industry tours.

## GET INVOLVED

- Join the College of Agriculture Student Services Facebook page for college and major updates, and internship and job postings.
- Join Department and College organizations – become a member of the CSES Club or the Turfgrass Management Club.
- Volunteer! Seek out opportunities that cater to your interest and also challenge you to get out of your comfort zone.
- Join the American Society of Agronomy. Membership in the society is a valuable component of your professional career.
- Travel with other CSES undergraduates to the national Agronomy meetings. While there you can participate in the Agronomy Quiz Bowl, give research presentations, or present a poster on club activities.
- Pursue leadership roles in your organization to exercise and enhance your skills.
- Gamma Sigma Delta is the Honor Society of Agriculture. The organization is dedicated to recognizing your academic achievements.

## CAREER PLANNING

### AUBURN UNIVERSITY CAREER CENTER
